

Juan

APR Committee President

Age : 45 years

Location : Rural area in Temuco commune

Monthly income : CLP 700,000

Background

- President of the APR committee
- Has lived in the community his entire life
- Has little experience using digital platforms
- Main provider for his family
- Has three children under 18
- Married
- Cares for his parents

Needs

- Simple, intuitive software
- Reliable software during periods of poor connectivity
- Sending bills to APR members
- Affordable software

Goals

- Reduce the time needed to record and collect water charges
- Make issuing bills easier
- Protect APR members' personal data
- Visualize metrics

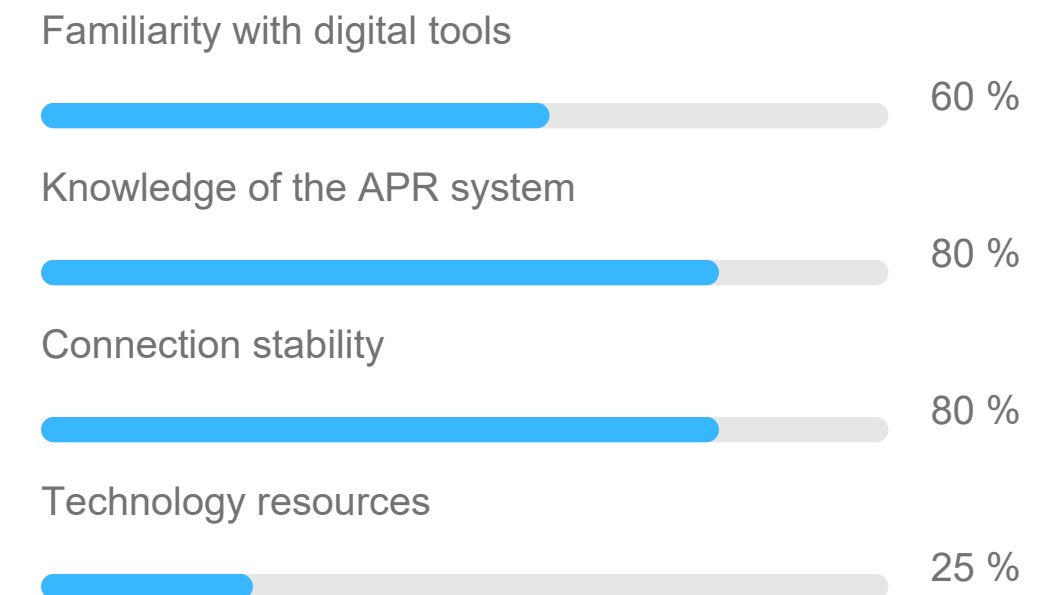

Pain Points

- Manual recordkeeping
- Wasted time
- Lack of organization
- Difficulty sharing information

Behavior Patterns

Pedro

APR Committee Treasurer

-  Age : 66 years
-  Location : Rural area in Temuco commune
-  Monthly income : CLP 450,000

Background

- Long-standing member of the community
- Limited digital skills
- Retired
- Receives help from younger family members
- Watches movies on Fridays
- Cares for his animals and grows crops

Needs

- Simple software
- Technical support to use the application
- Privacy for his bills and payments

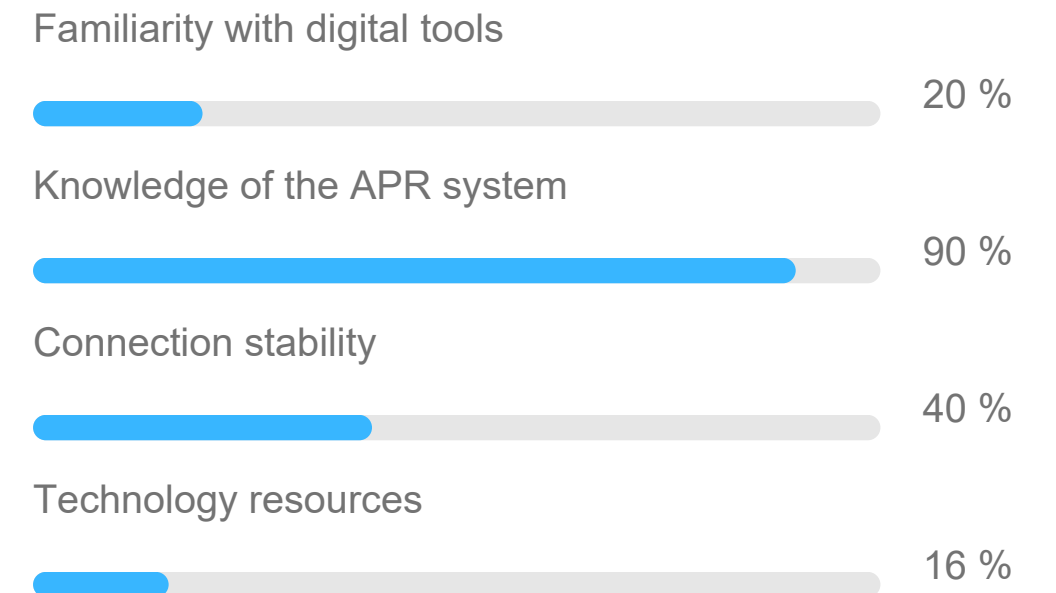

Goals

- Receive his water bills
- Pay his water bills

Pain Points

- Limited technology skills
- Difficulty seeing clearly
- Difficulty navigating menus with many options
- Distrust of digital systems

Behavior Patterns

Juana

APR Member

-  Age : 40 years
-  Location : Rural area in Temuco commune
-  Monthly income : CLP 2,500,000

Background

- Recently joined the committee
- Has two children, one under 18
- Single
- Lives with her elderly parents
- Holds a master's degree in Mathematical Civil Engineering

Needs

- Simple, intuitive software
- An estimate of how much she will need to pay
- A quick, simple way to report errors in water charges

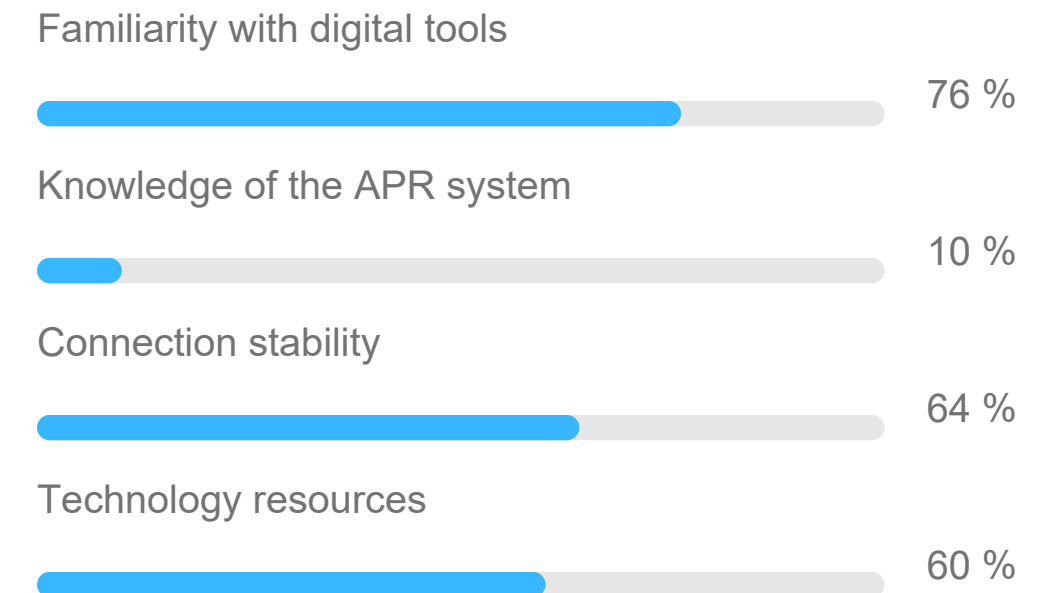

Goals

- Reduce barriers to reporting errors
- Simplify the system to save time when reporting errors

Pain Points

- Uncertainty
- Difficulty reporting errors to the committee leadership
- Little time to follow up on errors in her water usage records

Behavior Patterns

Julio
